## *A True Legacy* **ONLY GETS STRONGER**

Legacies in the beef industry often focus on the sires. Legacies of remarkable dams are equally as important. Ankony Miss Belle A064's legacy in the BAR herd may never be surpassed. Her progeny earned lead-off positions in our 2025 sale. BAR Dominion 464M, BAR Dubliner, and BAR Jameson 465M combined sales of \$342,000.

MISS BELLE A064

BAR RATIFIED 492M  
(21278309)

is a continuation of her genetic legacy and he sells in our November 7, 2026 sale. His birth to harvest EPDs and indexes illustrate the genetic capacity to change populations: Top 1% CED, \$M, \$W, \$C; top 3% \$B; top 5% Marbling and \$GI. The physical presence of 492M is as powerful as his genetic data. *Watch for updates on this tremendous herd sire prospect.*
